

Distribution of Expression Values With Stimulations Set as Mean + 3*SD

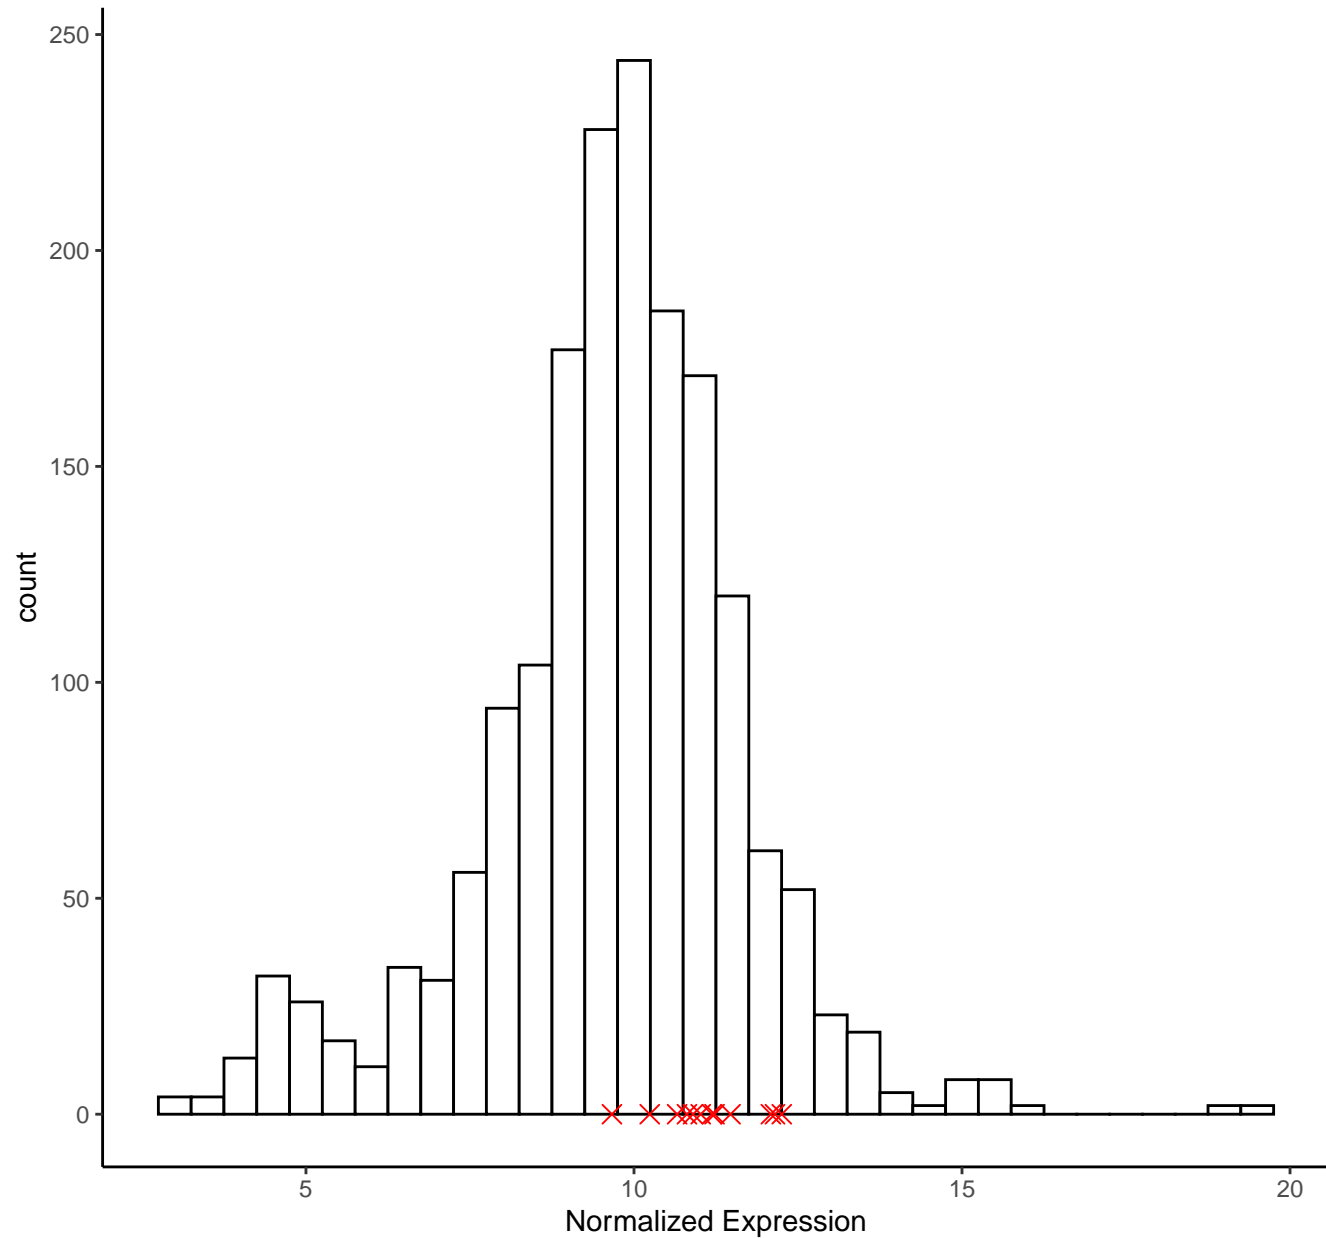

Distribution of Expression Values With Stimulations Set as $1.5 \times \text{Mean}$

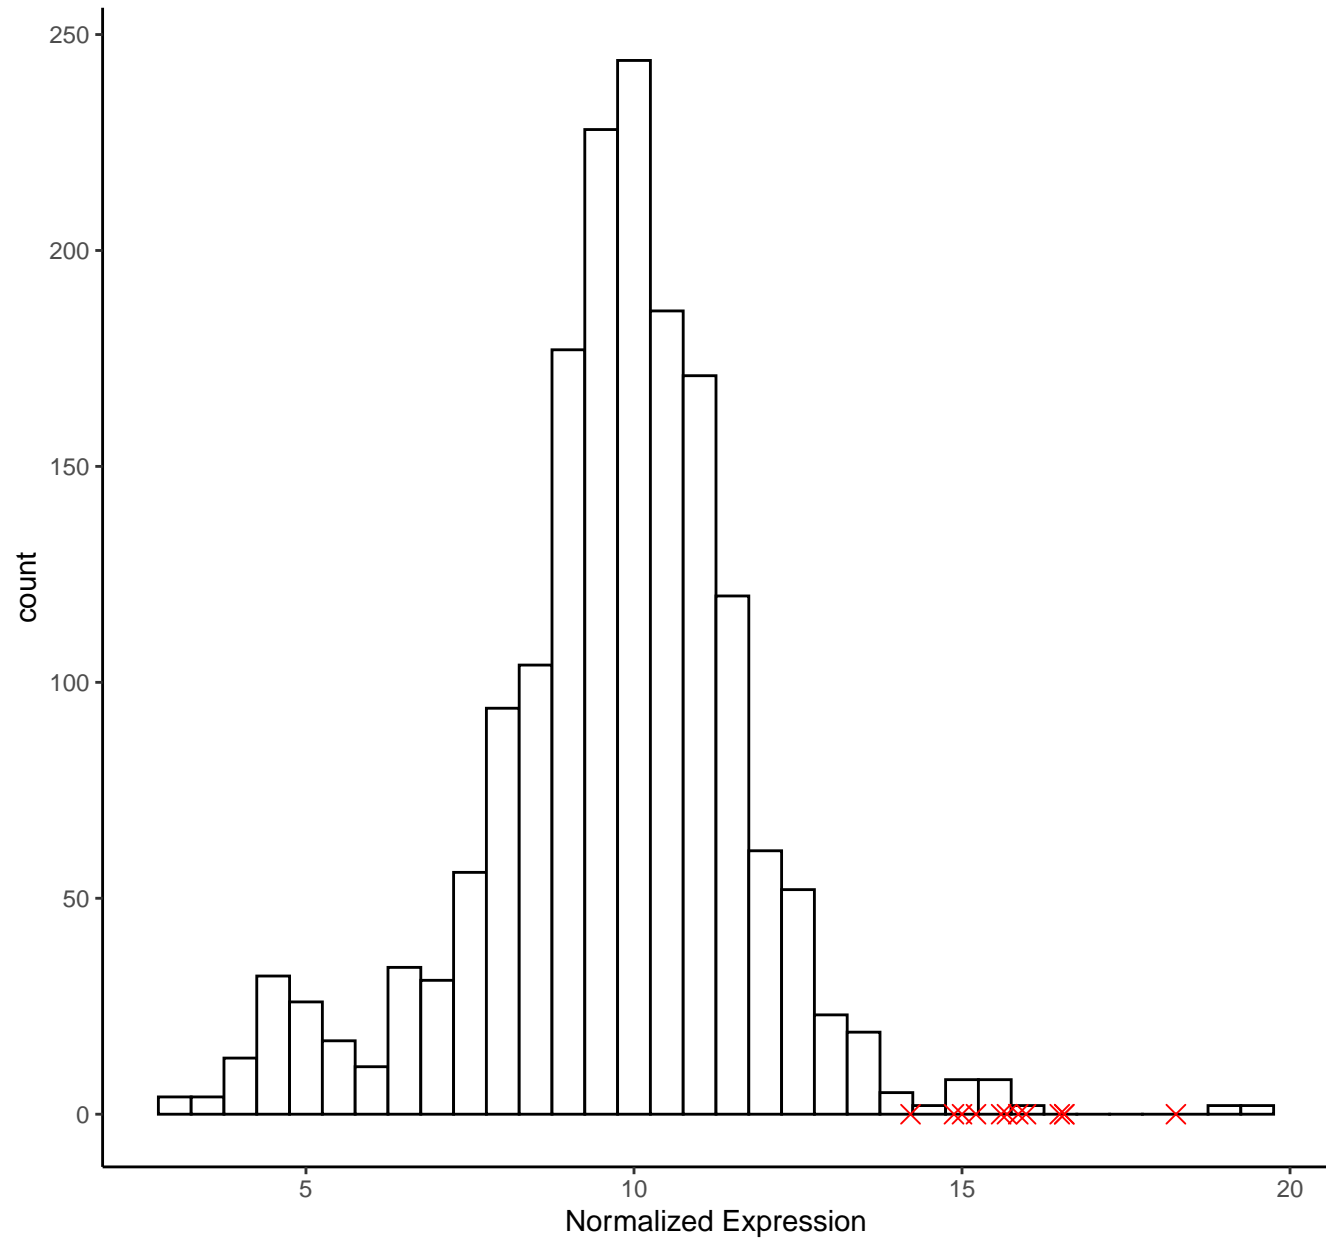

Distribution of Expression Values With Stimulations Set as $2 \times \text{Mean}$

Distribution of Normalized Expression Data for MDA-MB-231 and MCF10A with Stimulations as Mean + 3*SD

Distribution of Normalized Expression Data for MDA-MB-231 and MCF10A with Stimulations as $1.5 \times \text{Mean}$

Distribution of Normalized Expression Data for MDA-MB-231 and MCF10A with Stimulations as $2 \times \text{Mean}$
